SHOUGANAI SCANS

thanks for reading!

...I feel oddly compelled to state that "Daddy Ted" is not the result of me taking liberties with the translation. That's what it was, in English, in the original. Someone definitely deserves to be kinkshamed for this, but it's not me.

Likewise, I can't take credit for Argie's wonderfully ridiculous "TAKE OFF YOUR HAT IN FRONT OF PEOPLE!"

As a side story manga of a not-terribly popular series, this has a snowball's chance in hell of ever getting licensed, but if it does please support it! Alternately, buy the original tankobons, or the gunpla, or any of the other mountains of merchandise produced for Gundam. It's very easy to show financial support for this franchise, so if you enjoy this manga at all please do.

See you next month with the next chapter!
